INTRODUCTION

This installation kit enables any 2.5" hard drive or SDD (Solid State Drive) to be used like a standard 3.5" hard drive in a desktop system. Comes in choice of brackets for standard 1" height or the slim floppy height, the sturdy mounting metal bracket allows any hard drive or SSD to fit perfectly into any standard or slim floppy 3.5" drive bay.

For 2.5" IDE drives or SSD, the IDE connector kit mounts easily onto the back of the drive, enabling it to connect to PC power supply and the standard IDE cable commonly found on desktop, server and most industrial PCs.
